Documents Required From the Team

Documents Required From the Team

A checklist of what every team member, project, and field activity must submit & maintain — for compliance, audit-readiness, and day-to-day operations

Companion to [GovernanceRequirements.md](#)

Purpose

This document lists every document the NGO needs from its **own team** — staff, volunteers, field workers, and project leads — to operate legally, defensibly, and efficiently.

It is the **flip side** of the Governance Requirements doc:

- *Governance Requirements* says what information leadership needs to **see**.
- *This document* says what evidence team members need to **submit** so that information exists in the first place.

For each document we specify: **who submits it, when, where it lives in FieldFlow, retention period, and legal/compliance reference** where applicable.

1. Onboarding — every new team member

Required **before** the team member's first day of work or first field deployment. No FieldFlow login should be issued until items marked ■ are received.

1.1 Identity & KYC

#	Document	Mandatory	Format	Reference
1	■ Aadhaar card (masked — last 4 digits visible)	Yes	PDF/image	DPDP Act 2023, KYC norms

29	Driving license + vehicle RC + valid insurance	If using own vehicle for work	PDF

1.5 Where they live in FieldFlow

- All onboarding documents attached to the user's profile under `users.documents` JSONB (encrypted at rest)
- Original signed copies in physical/secure cloud folder, link recorded in FieldFlow
- Retention: full duration of employment + 7 years after exit (statutory retention)

2. Ongoing — every team member, weekly/monthly

These are the recurring submissions that drive daily operations.

2.1 Field staff — daily

#	Document/Submission	Cadence	Format	Where
1	Daily field report	Every working day before 7pm	WhatsApp message or app entry	daily_reports
2	Photo/video evidence	At least 1 per major activity	JPG/MP4 in WhatsApp	daily_reports.attachment_url
3	GPS/location stamp	Auto-captured	Lat/long	daily_reports.location
4	Beneficiary names contacted (or list reference)	Daily	Text or list	daily_reports.custom_data
5	Travel log (distance, mode)	If claiming reimbursement	App form	Finance module
6	Activity-specific data (numbers, indicators)	Daily	Structured	project_deliverables

2.2 Field staff — weekly

#	Document/Submission	Day	Format
7	Weekly plan for next week	Friday	App form

#	Document/Submission	Day	Format
8	Issues escalation list	Friday	App / WhatsApp
9	Photo/voice testimonial of a beneficiary (rotating)	Weekly	JPG + audio

2.3 Field staff — monthly

#	Document/Submission	Day	Format
10	Monthly self-assessment	Last working day	App form

29	Donor-wise utilisation statement	Monthly	Excel
30	Petty cash log with bills	Weekly	PDF

2.7 MEAL team — weekly/quarterly

#	Document/Submission	Cadence	Format
31	Data quality audit (10% sample)	Weekly	Report
32	Indicator-data integrity check	Weekly	Report
33	Field verification visit log	Monthly	PDF
34	Beneficiary feedback summary	Monthly	PDF
35	Case studies (deep-dive)	At least 2 per quarter	PDF + photos
36	Theory-of-change evidence update	Quarterly	Document

2.8 HR team — monthly

#	Document/Submission	Cadence	Format
37	Attendance summary	Monthly	Excel
38	Leave records	Monthly	Excel
39	Joiner/leaver report	Monthly	PDF
40	Statutory filings (PF, ESI, professional tax)	Monthly	PDF
41	Training conducted log	Monthly	PDF
42	Grievance / POSH register update	Monthly	Confidential

3. Project-level — required at project launch

For every new project (each donor-funded initiative), the project lead must lodge in FieldFlow:

3.1 Project initiation pack

#	Document	Mandatory	Owner
1	Approved project proposal	Yes	PD
2	Signed grant agreement / MoU with donor	Yes	ED + Finance
3	Detailed budget (donor-approved)	Yes	Finance
4	Logframe / Theory of Change	Yes	MEAL
5	Annual Action Plan (Excel — upload to FieldFlow)	Yes	PM
6	Indicator definitions document	Yes	MEAL
7	Beneficiary inclusion/exclusion criteria	Yes	PM
8	Geographic scope document (villages, blocks, district)	Yes	PM
9	Government NOC / permissions (if required)	If applicable	Compliance
10	Partner agreement (if implementing with partners)	If applicable	ED
11	Risk assessment	Yes	PM
12	Communication & reporting calendar (donor-mandated)	Yes	PM
13	Branding guidelines (donor logos, attribution)	If applicable	PM
14	Project staff list with roles	Yes	HR
15	Procurement plan	If procurement > \$5L	Finance

3.2 During implementation

#	Document	Cadence
16	Monthly progress report	Monthly
17	Quarterly narrative report	Quarterly
18	Quarterly financial report	Quarterly
19	Annual report (technical + financial)	Annual
20	Mid-term review report	Mid-project
21	Donor visit minutes	Per visit
22	Steering committee minutes	Per meeting
23	Audit reports (project-specific)	Annual

3.3 At project closure

#	Document
24	Final narrative report

#	Document
25	Final financial report + utilisation certificate
26	Asset transfer / disposal note
27	Beneficiary handover plan
28	Sustainability plan
29	Lessons-learned document
30	Statutory audit certificate (Form FC-4 if FCRA)
31	Donor satisfaction survey response
32	Archive of all evidence (photos, videos, testimonials)

4. Beneficiary documentation

Every beneficiary touched must have a minimum data footprint — without it, the activity is unverifiable.

4.1 Required per beneficiary (one-time)

#	Document	Mandatory
1	Name + parent/spouse name	Yes
2	Gender, age, social category (SC/ST/OBC/General)	Yes (disaggregation requirement)
3	Address (village, block, district)	Yes
4	Phone number	Yes (when collectable)
5	Signed/thumb-printed enrollment consent form	Yes
6	Aadhaar (masked, last 4 only) — only if scheme requires	If applicable
7	Photograph (only with explicit consent)	Optional
8	Disability status, vulnerability flags	If applicable
9	Household income bracket (if scheme-linked)	If applicable
10	Existing scheme enrollment (PMJAY, MGNREGA card, etc.)	If relevant

Critical: If the beneficiary is under 18, parent/guardian signed consent is mandatory. The platform should refuse to register a minor without it.

4.2 Per interaction with beneficiary

#	Document	Mandatory
11	Activity name + date + location	Yes
12	What was delivered (training, kit, service)	Yes

#	Document	Mandatory
13	Quantity / duration	Yes
14	Beneficiary acknowledgement (signature, thumb, OTP, or WhatsApp confirmation)	Yes
15	Field staff who delivered	Yes
16	Photo of delivery (with consent)	Recommended
17	GPS stamp	Auto

4.3 Beneficiary rights documents (must exist on file, surfaced on request)

#	Document
18	Privacy notice (in local language)
19	Grievance redressal mechanism poster
20	Anti-fraud / anti-bribery commitment
21	Beneficiary list publicly displayed (community noticeboard photo)
22	Right-to-information process
23	Right-to-data-export / deletion procedure (under DPDP)

5. Asset & inventory documentation

Anything purchased with grant funds must be tracked.

5.1 At acquisition

#	Document
1	Approved purchase requisition
2	Quotations (minimum 3 above ₹10,000)
3	Comparative statement
4	Purchase order
5	Invoice + GST bill
6	Goods received note (GRN)
7	Asset tag photograph
8	Asset register entry

5.2 During use

#	Document
9	Asset assignment log (who has what)
10	Annual physical verification report
11	Maintenance log (vehicles, equipment)

#	Document
12	Insurance documents (if insured)

5.3 At disposal

#	Document
13	Disposal approval (board / donor)
14	Disposal mode (sale / donation / scrap) with documentation
15	Sale proceeds receipt (if sold)
16	Donor notification of disposal

6. Vendor & partner documentation

For every recurring vendor or implementation partner.

#	Document
1	Vendor registration form
2	PAN + GSTIN + cancelled cheque
3	MSME certificate (if claiming MSME benefits)
4	Latest ITR / financial statement (for vendors > ₹5L/year)
5	Conflict of interest declaration
6	Master service agreement / MoU
7	Insurance certificate (for service providers entering premises)
8	Annual vendor evaluation form
9	Per-engagement work order
10	Per-payment invoice + work-completion certificate

7. Statutory & compliance documentation (org-level)

These are NGO-wide documents that must exist and be currently valid. The finance/compliance team owns them; FieldFlow surfaces them as the always-on compliance dashboard.

7.1 Registration & status

#	Document	Validity
1	Society / Trust / Section 8 registration certificate	Permanent
2	12A registration (income tax exemption)	Permanent (post-2021 — 5 year)

#	Document	Validity
3	80G registration (donor tax benefit)	5 years (renewable)
4	FCRA registration certificate	5 years (renewable)
5	NGO Darpan registration	Permanent
6	CSR-1 form (to receive CSR funds)	Permanent
7	GST registration (if turnover requires)	Permanent
8	PAN	Permanent
9	TAN	Permanent
10	PF/ESI establishment registration	Permanent
11	Professional Tax registration (state-wise)	Permanent
12	Shops & Establishments registration (state-wise)	Annual renewal

7.2 Recurring filings

#	Document	Cadence
13	ITR-7 (income tax return)	Annual
14	Form 10B / 10BB (audit report)	Annual
15	Form 9A / 10 (accumulation of income)	If applicable
16	FCRA quarterly return (Form FC-4)	Quarterly
17	FCRA annual return	Annual (Dec 31)
18	Society annual return (state-wise)	Annual
19	GST returns (GSTR-1, 3B)	Monthly/Quarterly
20	TDS returns (24Q, 26Q)	Quarterly
21	PF + ESI monthly returns	Monthly
22	Professional Tax returns	Monthly
23	Statutory audit report	Annual
24	Internal audit report	Half-yearly
25	Annual report (printed)	Annual
26	Annual budget (board-approved)	Annual

7.3 Policies & governance docs (current versions on file)

#	Document
27	Memorandum of Association / Trust Deed
28	Bye-laws / Rules & Regulations
29	HR Policy / Employee Handbook
30	Financial Policy & Procedures Manual
31	Procurement Policy
32	Travel Policy
33	POSH Policy + Internal Committee constitution
34	Child Safeguarding Policy

#	Document
35	Anti-Bribery & Anti-Corruption Policy
36	Whistleblower Policy
37	Conflict of Interest Policy
38	Code of Conduct
39	Privacy Policy (DPDP-compliant)
40	Data Protection / IT Security Policy
41	Social Media Policy
42	Volunteer Policy
43	Donor Privacy & Acknowledgement Policy
44	Risk Management Policy
45	Reserves Policy
46	Records Retention Schedule
47	Delegation of Authority Matrix
48	Disaster Recovery / Business Continuity Plan

7.4 Board governance

#	Document
49	Current trustees list with PAN / Aadhaar / addresses
50	Board meeting minutes (all) — at least quarterly
51	Annual General Meeting minutes
52	Sub-committee constitutions (Audit, HR, Finance, POSH)
53	Conflict of Interest declarations from each trustee (annual)
54	Term-of-office records
55	Resolutions register

8. Incident & exception documentation

When something goes wrong, paper-trail it immediately.

#	Document	Trigger
1	Incident report (accident, injury, death)	Any safety incident
2	Safeguarding incident report	Any child/vulnerable adult safety concern
3	POSH complaint form	Any sexual harassment complaint
4	Grievance form	Any staff or beneficiary grievance
5	Whistleblower disclosure	Any whistleblower report
6	Fraud / theft incident report	Any suspected fraud
7	Data breach report	Any suspected data exposure (under DPDP, 72hr to DPB)

#	Document	Trigger
8	Media incident log	Any media coverage requiring response
9	Donor complaint log	Any donor formal complaint
10	Audit observation log	Any audit finding
11	Police complaint copy (FIR)	If reported to police
12	Insurance claim form	If insurance claim filed

Critical: these go into a sealed folder. Access limited to ED + Chair + designated committee. FieldFlow's audit log records who accessed.

9. Volunteer documentation

For volunteers (unpaid), a lighter version of staff onboarding:

#	Document	Mandatory
1	Volunteer agreement signed	Yes
2	ID proof	Yes
3	Emergency contact	Yes
4	Code of Conduct acknowledgement	Yes
5	POSH + Safeguarding policy acknowledgement	Yes
6	Volunteer activity log	Per engagement
7	Hours contributed	Monthly aggregate
8	Exit feedback	At exit

10. What FieldFlow tracks vs. what stays in physical/external systems

Document type	Lives in FieldFlow	Lives elsewhere
Daily field reports	■ Primary	—
Photos / videos / voice	■ Primary (cloud)	—
Beneficiary contact info	■ Primary	—
Action Plan	■ Primary	Excel backup
Audit logs	■ Primary	—
WhatsApp message history	■ Primary	—
Staff KYC docs	■ Reference link	Physical/HRMS
Signed policies	■ Reference link	Physical
Financial vouchers	Reference only	Tally / accounting system
Bank statements	—	Bank portal

Document type	Lives in FieldFlow	Lives elsewhere
Statutory filings	Status only	MCA / FCRA / IT portal
Board minutes	Reference link	Physical / secure cloud
Insurance / legal contracts	Reference link	Physical
Tax returns	Reference link	CA system

The principle: FieldFlow tracks **operational** data; authoritative copies of legal/financial documents live in their respective systems with FieldFlow linking to them.

11. Onboarding to FieldFlow — staff document checklist

Before a new staff member can be added to FieldFlow as an active user, the following must be uploaded to their profile:

- ☐ Aadhaar (masked) — for identity verification
- ☐ Signed appointment letter — to establish employment
- ☐ Signed Code of Conduct — for accountability
- ☐ Signed POSH acknowledgement — legal requirement
- ☐ Signed Child Safeguarding (if field role) — legal requirement
- ☐ Signed NDA / Confidentiality — for data access
- ☐ Police verification or undertaking (if field role with children)
- ☐ Project assignment confirmation by Program Director
- ☐ Role / designation set in `users.designation`
- ☐ Reporting manager set in `users.manager_id`
- ☐ WhatsApp phone number set in `users.phone`
- ☐ Firebase login email set in `users.email`
- ☐ Training acknowledgement (FieldFlow user training completed)

Without these, the platform should refuse to provision the account.

12. Retention schedule (summary)

Document category	Retention period	Why
Daily field reports	7 years	Donor audit, tax
Audit logs	7 years	Legal evidence
Financial vouchers	8 years	Income tax + FCRA
Beneficiary consent	Lifetime of program + 7 years	Liability

Document category	Retention period	Why
Staff KYC	Employment + 7 years	Statutory
Staff exit documents	Permanent	Future reference
WhatsApp messages	180 days (configurable)	DPDP minimisation
Voice transcripts	30 days	DPDP minimisation
Incident reports	Permanent	Legal evidence
Board minutes	Permanent	Statutory
Statutory filings	Permanent	Statutory
Policy documents	Until superseded + 7 years	Reference
Project closure documents	10 years	Donor + statutory

These are conservative defaults; specific donors may demand longer (USAID requires 7 years post-final-payment; ECHO requires 5 years).

13. Document submission process

How to submit

1. **Day-to-day operational documents** (daily reports, photos, expense claims) — via WhatsApp or FieldFlow app
2. **Onboarding / one-time documents** — emailed to HR, who uploads to FieldFlow profile
3. **Project documents** — uploaded by Program Manager to project workspace
4. **Statutory filings** — uploaded by Finance/Compliance to org-level workspace
5. **Incident reports** — sealed-envelope upload (encrypted, restricted access)

Naming convention

All documents must be named:

```
<YYYY-MM-DD>_<docType>_<projectOrStaffName>_<version>.<ext>
```

Example: 2026-06-18_AppointmentLetter_PriyaKumari_v1.pdf

Approval workflow

- Daily reports: auto-approved (AI flags anomalies for review)
- Expense claims <₹5,000: line manager
- Expense claims ₹5,000–₹50,000: Program Director
- Expense claims >₹50,000: ED + Finance Controller
- Vendor onboarding: Finance Controller
- Staff onboarding: HR + reporting manager

- Project initiation: ED + Finance + relevant board sub-committee
- Incident reports: ED notified within 24 hours

14. Where this becomes audit-ready

When a donor or statutory audit lands, the platform should be able to produce within 24 hours:

1. List of all staff with KYC completeness score
2. List of all projects with documentation completeness score
3. List of all beneficiaries served with consent-on-file score
4. List of all financial transactions with voucher-on-file score
5. List of all assets with asset-tag-and-photo score
6. Compliance dashboard (all statutory items green)
7. All policy documents in current versions
8. All board minutes for the audit period
9. All incident reports for the audit period
10. Audit log of who-did-what-when

If any of these scores are below 100%, the audit will find gaps. The platform should surface those gaps in advance as a permanent "documentation health" dashboard for the ED.

15. Documentation health dashboard (proposed UI in FieldFlow)

The ED's landing page should include a "Documentation Health" widget showing:

DOCUMENTATION HEALTH		86%
■ Staff KYC	42/45 complete	93%
■ Beneficiary consent	1,247/1,608 on file	78%
■ Asset tags & photos	287/290	99%
■ Vendor KYC	18/19	95%
■ Project closure docs	2/3 projects	67%
■ Compliance filings	14/14 current	100%
■ Board minutes	Q4 on file, Q1 pending	90%
■ Policy documents	All current	100%
■ Incident response	No open items	100%
[Drill in →]		Updated: today 09:30

This dashboard transforms "documentation" from a once-a-year audit panic into a continuous, observable signal.

This is a living document. Annual review by the Audit Committee. Last updated: June 2026 · v1.0
